

WORKFORCE ADVISORY

Number: 17-002
Date: August 19, 2016
Expiration: Continuing

TO: All Workforce Innovation and Opportunity Act (WIOA) Funding Recipients

FROM: Ed Flanagan, Director *EF*
Division of Employment and Training Services (DETS)

SUBJECT: WIOA Common Performance Indicators – Negotiated Rates

The purpose of this advisory is to notify the Division of Employment and Training Services staff, grant recipients and partners, of the FY 2017 and FY 2018 negotiated levels of performance for the WIOA Adult, Dislocated Worker, Youth and Wagner Peyser (WP) Employment Service Programs.

WIOA sec. 116(b)(3)(A)(iv) mandates that States will negotiate two years of performance outcomes for the first two program years. Factors taken into consideration during the negotiation process include utilizing a statistical adjustment model that incorporates actual economic conditions of the state such as unemployment rates and job losses or gains in particular industries; the characteristics of the participants such as poor work history, lack of work experience, lack of educational or occupational skills attainment, dislocations from high-wage, high-benefit employment, low levels of literacy or English proficiency, disability status, homelessness, ex-offender status and welfare dependency. Also examined is the extent to which levels involved promote continuous improvement to ensure optimal return on the investment of Federal funds.

On July 22, 2016 the State met with the USDOL, Employment and Training Administration to negotiate levels for each performance indicator for FY 2017 and FY 2018. The results are listed in the table on page 2 and are effective immediately.

Any questions regarding this Workforce Advisory should be directed to [Shawna Harper](#), Program Coordinator II, (907) 465-1882, at the Division of Employment and Training Services.

WORKFORCE ADVISORY
